I hereby certify that I have carefully examined the foregoing accounts of E. B. Parker, Treasurer of the School Board, for the year ending Feb. 15, 1907, that I have found each item of expenditure properly vouched, and that I have found \$549.85 in the hands of said Treasurer.

Report of Library Trustees

FOR YEAR ENDING FEBRUARY 1, 1907

The affairs of the public library are found to be in a very satisfactory condition.

The patronage of the library during the past year has been the largest in its history. Three thousand and eight books were loaned as compared with 2285 for the year previous. The classification of the books loaned is as follows: Fiction, 2688; History, 65; Travel, 41; Biography, 24; Miscellaneous, 185.

Forty-four new cards were issued.

There are now upon the shelves 2750 volumes, of which number 100 were added during the past year. The following magazines have been provided for the coming year: "Scribner's," "Country Life," "World's Work," "Delineator," "McClure's," "St. Nicholas," "Life," and the "Scientific American." The librarian will loan the monthly publications but the weeklies must be kept upon the table. Those borrowing the magazines should be careful to return them on the following library day.

The new catalogue has been compiled and is now in the hands of the printer. Copies will soon be available for distribution and as the cost is 25c each we venture to suggest that all who receive a copy should preserve it carefully.

The librarians' report of expenditures is as follows: Balance on hand Feb. 1, 1906, \$8.64; amount received, \$12.89; expenditures, \$18.35; balance on hand Feb. 1, 1907, \$3.18.

The trustees have received from the annual appropriation and by gift \$150. There remains in the treasury \$131.80 of which amount \$100 must be used to pay for the catalogue. Owing to a greater expense than was anticipated in issuing the new catalogue there will be a deficit in the treasury of about \$35 when the last installment of books is paid for. These books,

owing to a delay in shipment, have not yet been received and the cost will probably be about \$65. In view of this deficit which must be met out of the 1907 appropriation, we would suggest that \$125 be appropriated for the purchase of books in order that the growth of the library may be kept as nearly as possible to the average of former years. We also recommend that \$125 be appropriated for the services of the librarian.

We take this occasion, in behalf of the patrons of the library, to thank Hon. C. H. Greenleaf for his generous gift of \$50. We also commend the careful and painstaking work of the librarian and her assistants, who have ably managed the affairs of the library.

There is apparently a strong, growing interest in the public library and we bespeak your cooperation in maintaining and increasing its excellence and utility.

Respectfully submitted,

W. F. PARKER,

H. H. CLARK,

H. L. JOHNSON,

Trustees.
